We understand that your furniture may be one of the biggest investments in your home. Whether you have kids or pets, frequently host friends and family or simply are at home a lot, you know your upholstered furniture is getting a workout. Dust, pollen, germs, food crumbs, stains and blemishes can't be avoided. But you don't have to accept the fact that furniture is going to be dirty. Let 'Cleaningroots' provide you with a refreshing upholstery cleaning that extends the life of your furniture and is safe and healthy for kids and pets.

A deeper, healthier, faster drying, cleaning will have you back to enjoying your renewed, refreshed furniture in no time. Our trained manpower performs textile, sofa washing with the same highly-effective injection-extraction cleaning method and for genuine leather and lookalike materials sofas and chairs, we use steaming, conditioning and polishing processes to complete the task. Our upholstered furniture cleaning services are strong enough to defeat the deepest stains, gentle enough not to damage furniture and safe for your entire family.

At 'Cleaningroots', we also know that every carpet cleaning situation is unique. That's why we begin our carpet cleaning service with a complete analysis of your carpet, noting any heavily-soiled or high-traffic areas. Then our cleaning specialists use our highly-effective injection-extraction or shampooing method to remove ground-in dirt and debris that may or may not be visible to the naked eye. Our powerful, truck-mounted vacuum system extracts most of the moisture from your carpet, but it may still be damp to the touch. It's okay to walk on it—just not in your street shoes. You can accelerate the drying time with fans or air conditioning.
